OUR TEACHER-IN-CHARGE
Ms. Smita Gupta

ABOUT JESUS AND MARY COLLEGE

Jesus and Mary College, a constituent college of the University of Delhi, is a premier institution providing education to women. This prestigious women's-only institution was established by a noble lady St. Claudine Thevenet. The college was founded in 1968 with the goal of educating young women to enable them to contribute to the advancement of themselves, their homes and society.

The college is accredited with grade 'A+' by NAAC and offers honours degrees in subjects like Sociology, Political Science Hindi, Economics, Psychology, Mathematics, Commerce and Elementary Education. To provide cutting-edge, competitive education and continues to push itself to stay ahead of the curve and respond to the evolving demands of its students and society in the most creative and engaging way possible.

By giving its students the chance to participate in numerous initiatives like the National Service Scheme, the Jesus and Mary Educational Programme, and the Women's Studies Center, the institution promotes social awareness among its students.

The institution has consistently worked to give its students a high-quality education, foster discipline and offer opportunities for comprehensive personal growth. By planning seminars, conferences, symposiums, and workshops for teachers, students and non-teaching staff, Jesus and Mary College is continually striving to achieve excellent academic standards. It also enjoys the distinction of being regarded as one of the most reputable colleges in the country.

THE WORKSHOP

The objective of the workshop is to bring academicians and researchers from several fields together to share their expertise with undergraduate and postgraduate students as well as research scholars in the areas of research methodology and data analysis. The Department of Economics, Jesus and Mary College is hosting a six-day workshop on "Research Methodology in Social Sciences" to acquaint learners with the various techniques and tools used in social science research. By providing them with the necessary resources, this workshop aims to encourage student and young researcher participation in high-quality social science research. It will give a thorough analysis of the subject and enhance the participation's skills. The attendees of this programme will acquire the skills essential for doing empirical analysis.

We have this time Dr. Indranil Chaudhary, Dr. Krishna Ram and Dr. Chandan Jain with us to educate us on Topics like R-Programme, Data Extraction, Causality and related theories that would help the young minds to gain knowledge on these modern tools.

DEPARTMENT OF ECONOMICS

The most renowned department of the college, the Economics Department, was set up in 1969 as a well knit community of accomplished, highly committed, specialized and dynamic teaching faculty and a very vibrant group of student body.

The teaching methodology combines standard methods of University education – lectures and tutorials – with written assignments, project work, field trips, and student presentations both in class and in seminars. Students are also encouraged to participate in the corporate and research life of institutions through societies or internships.

The Department organizes collaborative seminars, presentations and workshops by eminent speakers and experts from diverse fields. In recent years, experts like Prof. Amitabh Tripathi, Prof. Mona Khare, Dr. Arvind Subramanian, Prof. Jayati Ghosh, and many more have visited the department providing insights on various Economic issues.

All activities of the Department are aimed at encouraging the students to explore beyond the frontiers of the prescribed syllabus, evaluate economic issues using the skills and tools that are acquired both inside and outside the classroom, and interact with experts from diverse areas of specialization.

The department organizes its annual fest which encompasses Panel Discussions, Paper Presentations, Mock Stocks, Case Study and a plethora of fun and intellectual activities drawing an overwhelming response each year.
