

**Placement Cell,  
Jesus & Mary College**

**GUIDELINES**

In Keeping with JMC's Vision of contributing to the creation of a just, humane & inclusive society, the Placement Cell of the college endeavors to ensure the availability of opportunities for Placements & Internships to all sections of students in a fair equitable manner.

The Placement Cell is committed to upholding the values of encouraging the holistic development of the students and has been set as a support service to aid them in attaining their professional aspirations.

The Placement Cell believes in adopting a professional & balanced approach enabling all recruiting companies & stakeholders to pursue their individual goals without undermining those of others.

The Placement Cell focuses on creating awareness about career options, and training the students to acquire necessary skills for the job market by organizing talks, seminars, workshops etc.

It acts as an interface between the third year students seeking a job & potential employers, by organizing recruitment drives.

A student can interview with any number of companies of her choice till she gets recruited by a company.

Once a student has an offer in hand, she can be allowed to interview with one more company, for which she will have to forego/ surrender the offer in hand.
