- In times of adversity, when the world is facing various consequences of Coronavirus and students are under deep stress and feel disoriented about their future, Department of Commerce pioneered the concept of webinars in the college and started The Mental Health Society, showcasing the ability of the department students and teachers to adjust to the dynamic environment in a smooth manner.
- All the department activities were carried on in the online mode with the same enthusiasm and launching of societies like Mental Health Society, LeHR JMC and 180 Degrees Consultancy, in addition to NEEV JMC, COSMOS, MIC and TMT, is adding more laurels to the department's cap.
- Special Webinars with Department's Alumni giving an interactive platform to the young and budding entrepreneurs of the department and making them ready for the corporate world.

### **Weaknesses**

- Basic infrastructure and Internet facilities not available - Outdated Hardware and Old Generation Software system needs to be replaced. Laptops need to be updated with the latest software, including Anti-virus Software and in this online teaching, genuine software are needed to provide aid in the teaching process.
- No permanent absorption of ad-hocs, leading to financial distress, Lack of job security. Very few facilities available for their personal safety or professional development, thereby hampers the teaching-learning culture of the university
- Syllabi for BAP Commerce Papers are ill-conceived with neither depth nor focus on application especially for AECC

### **Opportunities**

- Teaching Learning Centre
- More Research Projects for Faculty and Students -Incorporating research component enabling students to develop independent critical thinking skills along with oral and written communication skills
- FDP's/MDP's/Workshops can be initiated in collaboration with other academic institutions.
- Starting Add on Programmes/Courses
- More Synergetic Collaborations
- Wider Alumni Base

### **Challenges**

- Lack of practical application/ Less market-oriented courses

- Shortcomings of CBCS be taken up. Students are not motivated enough and have little knowledge of the credit system
- Large number of students in a class
- Bridging gap between academia and industry requirement
- There are serious challenges that impede the implementation of online learning and blended learning approaches in times like Covid-19 pandemic. Lack of availability of ICT tools & soft skills for conducting online classes on one hand and lack of digital infrastructure on other, deters “inclusive quality based online education”
