- This year we organized an Inter Department talk for Hindi Hons. Students and BA. Prog. Students. We successfully fulfilled the objective of benefitting ll the students who are related to Hindi Language.

19. SWOC Analysis :-

STRENGTHS

- Teaching is not confined to the class rooms only. Teachers use creative and innovative methods for teaching literature and go beyond text book.
- Through literature we try to make our students more aware of their surroundings, society, human relations and environment and thus help them to be good human beings.
- Exemplary achievements in Sports by our students at National & International level. Besides taking part in sports these students get good marks.
- Sports students are provided extra help by the faculty to catch up with their studies as they miss a lot of classes due to their practice and tournaments.

WEAKNESS

- Though under CBCS scheme University provides us various Hindi papers as option in different courses but students don't opt for Hindi. It has badly affected our workload thus the number of teacher.
- Choice is given between English and MIL Hindi communication as Ability Enhancement Compulsory Course under CBCS but Hindi Communication option is not offered to students.
- HINDI 'C' students have been given choice to do other subjects in lieu of MIL Hindi. It reflects upon the language policy as well as attitude prevalent in society.

OPPORTUNITY

Hindi is emerging as a language of business, market, advertising and communication. If Hindi is given its due importance in our society, education system and in jobs then it could be the language of future. Students studying Hindi are getting good openings in Journalism and Mass Communication & other fields these days.

- Our department encourages and promotes our students to participate in literary and cultural activities at college & Inter-college level.
- We arrange seminars, talks, symposium, workshops, personality development sessions, Environmental awareness and skill development programme in various fields.
- We provide counseling to the students at departmental level and hold value oriented discussions to help them to develop into a good human being and responsible citizen of the country.

CHALLENGES

- The biggest challenge is new CBCS system which gives option between English and Hindi to students other than Hindi (hons). It is difficult to motivate students to opt for Hindi Communication Paper as AECC (Ability Enhancement Compulsory Course).

- The students we get in the college do not have an aptitude for Hindi language. We have to work hard on their aptitude as well as attitude towards Hindi literature and language. Still we make sure that by the time they leave the college, they start loving the subject with excellent results.
- While teaching CTH & Hindi C students we often have to teach them Hindi through English medium.
- Our students don't find reading material or translation in Hindi for some of the subjects they opt for.
- There are very few teachers who can teach their subject in Hindi medium, therefore, students opting for Hindi medium suffer a lot.
- Many students with low percentage at school level are the FIRST GENERATION to reach at this level. It is the biggest challenge for us to bring these students to a higher level and cultivate reading habits.
- It is equally difficult to push them to participate in extra-curricular activities for their over all development.
- It is difficult to keep balance in class while teaching these students along with some very bright students.
- Many students come from a weaker socio-economic background with lack of exposure to various cultural and literary activities. It is a challenge to help them to bloom as an overall confident and developed personality.
- It is difficult for us to organize an educational – trip with all of the students due to their weaker economic back ground or traditional family system.

20. Future Plans

- We plan to have a national level seminar.
- We plan to get Hindi fonts in few of the computers available in the college to make it available to our students to learn Hindi typing.
