

**ACADEMIC AUDIT REPORT IN RESPECT OF  
DEPARTMENT OF HINDI, JESUS AND MARY COLLEGE,  
UNIVERSITY OF DELHI**

**Strengths:**

- The Department has carried on several academic and extra-curricular activities which are noteworthy.
- On academic front, apart from class room teaching, the methods of group discussions, role play, street play, loud reading, feed-back have been used to diversify the modes of teaching and learning.
- For Students, the Department is involved in their personality development through various motivational strategies like counselling, improving expression and presentation, group discussion, folk dancing and dramas, educational trips and other co-curricular activities. It is actively engaged in Alumni interaction and moral and emotional support to the students, present and past.
- The department is actively collaborating with external Institutions in evolving teaching- learning methods. The experiment extends beyond class rooms, text books into society, sports grounds, theatres and ecological environments.

**Recommendations:**

- Training and orientation opportunities for the faculty should be strengthened.
- College should make provision for offering MIL HINDI COMMUNICATION as Ability Enhancement compulsory course so that the subject gets due recognition and students' enrolment. This will provide justice to the National language, and provide motivation to the Department to improve its faculty strength and performance.
- The faculty should be encouraged to take up translation work of plays, novels, stories, biographies etc from other regional and foreign languages to enrich and diversify the literature in Hindi.
