

**ACADEMIC AUDIT REPORT IN RESPECT OF  
DEPARTMENT OF PSYCHOLOGY, JESUS AND MARY COLLEGE,  
UNIVERSITY OF DELHI**

**Strengths:**

1. There has been a steady progress in the overall academic activities, both in the class-room, field and through extension education.
2. New initiative in introducing sports psychology is indeed appreciative. Concern for students, reflected in career counselling, mentorship programme, contact with the alumni body, etc. speak of a continued relationship of the faculty and the students, past and present, is appreciable.

**Recommendations:**

1. The department could also think of working on Mob Psychology either in the form of a course, a project or a seminar. This subject becomes relevant specially in today's social environment.
2. Mental health initiative is indeed commendable and should be pursued rigorously, especially in view of present Covid-19 crisis.
3. The Internal Audit Report is comprehensive, gives suggestions and recommendations which could be considered as guidelines for future programmes and furtherance of academic and extra- academic activities.
