 - Social media handles should be embedded on the website.
 - Pictures in the gallery must contain the event title, date and a small caption.
 - Upcoming events should be displayed in the form of a calendar.
6. Data for publications should be provided by the IQAC to the Website Committee soon after the submission of APARs by the faculty members.
7. The Committee members noted all the suggestions and started working on them in phases.
8. The meeting ended with thanks.
