## KEEPING UP WITH SANITATION CLEANLINESS DRIVE

Somebody once said how our education was not of any worth if we still ended up throwing garbage on the streets to be ultimately picked up by an uneducated person. The cleanliness department of NSS strongly believes this great thought.

After all, one has to try to be the change one expects to see. We took this on ourselves and ensured we provide as many dustbins made out of recycled materials like old cardboard boxes and newspaper installed in every corner of our campus. The results are visible, we intend to continue with such drives every month to ensure sanitation and hygiene around the campus.

It was an affair filled with new experiences and excitement. NSS society of Jesus and Mary college, organised it's first ever NGO Fair as an attempt to venture into new horizons. Our core team took another soaring step towards making a convenient environment for our NGO department- students to register in whichever NGO they wished according to their comfort and area of interest. Our core team members ensured every step of the way that the fair was a lively affair, hence an 'ICE COOLERS STALL' serving freshly juiced out drinks manned and managed by themselves. NGO students consciously paid heed to every NGO and signed themselves up. It was a successful venture and we hope to organise more events cogent and gratifying in nature in the near, not so distant future. It was not only a great opportunity for our volunteers to learn about various forms of social services but a platform for the various NGOs. Some NGOs that attended our NGO fair were-

## Paper Collection Drive

In collaboration with The Green Society, JMC, we at NSS collected more than 80 kgs of books, old newspapers, magazines among other recyclable items; this was then exchanged for notebooks and stationary to be given to the underprivileged.

As a part of our initiative for saving paper, we at NSS JMC utilise web designs and online posters to promote our events. Volunteers are actively encouraged to make posters on recycled paper if there is a need for physical representation.

Breast Cancer is one of the two most common cancers in women. The aim of the talk was to increase awareness not only in our volunteers, but also for our volunteers to approach their loved ones- Mothers, aunts, cousins and grandmothers with the integral information as well. Each audience member was given pamphlets that included instructions for a self-check and detailed information on signs that indicated any abnormalities.

## Woollen Collection Drive

It is a mind and body numbing experience when temperatures range from 5 degree celsius to 8 degree celsius at night. We college students were privileged enough to protect ourselves with layers of clothing but those who live on the road or in kaccha houses have only fire and wood to their rescue. Keeping in mind this problem, we thought it would be great for us as NSS JMC to collect winter clothes, blankets and shoes from the students in college and donate them to people in slums, beggars and those who can't afford to buy warm clothes.

As a part of the initiative #BeatTheColdWithNSSJMC, we conducted a winter clothes drive on 22nd January and we are happy to announce that it was extremely successful.

Students came in large numbers to donate clothes. These clothes were distributed among the construction workers in college and in a nearby slum.

**Youth Employability Program** is a livelihood promotion exclusively designed for the school drop outs / unemployed secondary school graduates / street youth / and for those from underprivileged segments of population. This project is partnered by AD Executive Ltd which is the training partner and such as Saksham Bharti & Deepalya, which are the NGO partners in reaching out to the target group. The program is aimed at employment opportunity oriented and marketable skills preparation. The project also intends to impart, if possible, to encourage tiny and micro enterprise activities specifically suitable for the socially and economically backward target groups. In the first edition of YEP, Enactus JMC successfully trained and placed 7 young boys and girls in the retail sector, at Agarwal Packers & Movers and Spar.

In the second edition of YEP, which is underway, a total of 5 boys and 8 girls from the age group of 18-21 were trained during December 2015 - March 2016. Currently, the project has been able to get the support of Big Bazaar stores to give our students a firsthand experience of sales. Bikanervala was the refreshment partner for the training period. Efforts are underway to suitably place the second group of 13 trainees at retail outlets such as Shoppers Stop and V-Mart.

**Project Chaak** aims at supporting the potters' community, who are a marginalised group in urban Delhi. It is our intention not only to help them to market their products but also to revive the art of pottery, an ecological product. Initially, the project worked with 2 potters from Uttam Nagar. During the initial phase, we had a modest success in marketing Kulhads made by them both within college and at external outlets; besides, the project also helped Sukhram, one of the potters to teach pottery in primary schools such as G.D. Goenka La Petite, Happy Feet and Mother Mount -for young kids.

At present, we have picked up a new target group of potters at Malkaganj, North Campus. We are attempting to create a direct link between these potters and the customers by minimizing the interference of the middlemen so that the potters earn suitable amount of profits. It aims at providing sustainable employment opportunities to a target group of rural population of India, thereby raising their income generating capacity and develops better livelihood options, elevate the domestic industry, and curb environmental hazards of plastics and CFCs. The team is scouting for marketing the products of potters in various markets and hope to reach its intended goal.

Enactus JMC participated in some of the competitions including the Enactus Nationals in July 2015 and Iseed Top Guns Business Plan Competition, SGGSCC Delhi University and, Social Challenge competition, IIT Kanpur's E-summit.

To run our projects, we raise funds and some of our funds have been raised through the following initiatives:

- Enactus Social Start-Up Fair was organised on 15<sup>th</sup> January 2016. The start-up fair provided a platform for all the budding as well as established social start-ups to come
