## JMCEP Annual Report 2016-2017

### Jesus and Mary College Educational Programme (JMCEP)

*"One child, one teacher, one book, and one pen can change the world."*

*- Malala Yousafzai*

The quote mentioned above succinctly reflects the spirit of JMCEP. Since its inception in 1979, the relentless collective efforts of JMCEP volunteers in imparting education to children from marginalized sections of society have been instrumental in bringing about a positive difference to their lives as well as those of others. In the NAAC Report (2015), it has been accorded the 'best practice' of the college.

In the academic year 2016-2017, 150 students from the college registered as members of JMCEP to teach 176 children between nursery to Class XI from neighboring colonies of Bapu Dham, Vivekananda Camp, and children of construction workers residing within the campus. Lakshita Iyer (Sociology, 3rd year) and Sharon Pandi Kabo (Political Science, 2nd year) were elected president and vice-president respectively. Core team members were also elected to assist in the activities of the society.

The JMCEP classes were conducted in the afternoon from Monday to Friday. In collaboration with other societies and NGOs, various activities were organized throughout the year aiming at the holistic development of children. The teachers, Ms. Charu Gupta, Ms. Usha Udaar, and Ms. Sonika Chauhan constantly guided us in the process.

Collaboration with Enactus: On 8th September, 2016, the societies came together to spread awareness about dengue and chikungunya to the children. Various

ways of prevention and protection against the flu were explained and discussed. As a part of the awareness drive, Odomos tubes were also distributed to the children.

**Film Screening for Children:** On 20th October, 2016, 'The Jungle Book' was screened for children, marking the end of their examinations. The children enjoyed every bit of it. It seemed to be an immersive experience for them as they talked about and could feel the characters' sufferings and joys as their own after the screening. Ankita Mehra (Political Science, 2nd year) presented a brief conclusion focusing on the issue of sensitizing people about the lives of animals and their participation in the various forces on earth.

**Documentary Screening:** On 18th January, 2017, a documentary titled 'A Teacher's Journey' was screened for the volunteers. The documentary, through actual classroom episodes from a single teacher school in India, highlights challenges and joys of teaching. And most importantly discusses what it takes to be a teacher. It also covers certain innovative practices that the teachers and students co-engaged with in a multi-level classroom. After the screening, JMCEP students, with a renewed motivation and enthusiasm, shared their own JMCEP journeys with the children so far – recollecting and reflecting on their experiences, sharing the ups and downs.

**Collaboration with CRY:** Various activities, including storytelling, art and craft sessions, were organized

for children in collaboration with Child Rights and You to stimulate imagination and free expression. A book collection drive was initiated in collaboration with CRY and NSS in January, wherein hundreds of children's books were being contributed by college students. Books collected were later being used for the storytelling and reading sessions with children. Storytelling paved the path for incorporating rich and meaningful ways of enhancing the skills of speaking, reading and writing. It has been decided the team will gift these books to the children as a token of appreciation for being an integral part of the programme.

**Outdoor Activities:** Learning is not confined to the four walls of the classroom. In February, outdoor events were held for children, wherein the children were divided into different groups, and they actively took part in games planned for them by the volunteers, encouraging cooperation, coordination and team work.

By helping to learn and learning to help, students explored creative ways of organizing activities with and for children. The JMCEP experience exposed students to grass root realities, and brought about a realization of inequitable distribution of resources, in general, and educational inequities, in particular. They could now reflect on their own position in the society vis-à-vis the position of 'others' with respect to the possession of power and privileges. Through the programme, students were being provided a platform to take small steps toward the process of change they want to see around themselves.

## JMCEP Annual Report 2017-2018

Jesus and Mary College Education Program (JMCEP) is an initiative aimed at empowering young minds with education and values that go beyond the limited boundaries of textbook knowledge. This requires reaching out to the members of the lower economic groups who strive for a meaningful education for their families and children. With the guidance of the convener, Mrs. Charu Gupta, JMCEP has been a torchbearer of commitment and perseverance in its pursuit of spreading education and awareness over important issues of health, hygiene, cleanliness, education rights and public wellbeing.

The annual activities for JMCEP for the academic year 2017-2018 began with JMCEP elections in the beginning of the session. Sharon Pandi and Kristina Yasmeen were elected as the President and Vice President respectively. This was smoothly followed by a deliberation regarding the selection of the core team members of the society.

We organised numerous visits to camps like Vivekananda Camp and Sanjay Camp with an aim to further JMCEP agenda of spreading education and awareness to the people of the area. The members were warmly welcomed into the houses and they were successful in having a fruitful session about the importance of education and JMC's Golden Jubilee anniversary.

Another important event in the annual calendar is marked by the Book Distribution Day on the 8th of September. These books were donated by CRY (Child Rights and You) and helped in equipping children with meaningful and informative ideas that they did not access to. On 27 September, JMCEP held its annual sale in order to raise society funds that would be used in carrying out activities for the children.

JMCEP also contributed to the Diwali celebrations of NSS, the Sparsh Diwali Mela (held on 12 October 2017), by holding a Fun Games Stall. It included an interactive and enjoyable set of activities that saw a participation of members of the society as well. JMCEP also successfully collaborated with Teach for India in the month of October. The latter conducted an informative workshop with the members on the importance of building rapport with the children, ways of keeping them interested in the work while also catering to their vibrant curiosities. The Diwali fever was reignited with a fun Diwali Do It Yourself (DIY) workshop, on 17 October, where the children showcased their art and craft skills in making *diyas*. They were also educated about the importance of a "cracker-free Diwali" and its effects on the environment.

At the end of the first semester of the session Sharon Pandi interacted with the kids with an aim to educate them about issues like hygiene and sexual harassment.

The beginning of a new semester was marked by an interactive session with CRY volunteers on the importance of Republic Day; this was followed by a kite making activity on the 24 January 2018. On 22 February, we distributed notebooks, donated by the MUN society, to the children.

JMCEP members look forward to closing the year with their annual JMCEP Day, wherein the volunteer-teachers host a fun party for the children where the latter showcase their singing and dancing and various other talents.

Antony delivered an inspiring message to the gathering, beginning the year on a lovely note. The AICUFers also helped organize the JMC

Orientation Program for the students on 18th July 2016. AICUF core team members also helped with the initial phase of religion classes for 1st year Christian students. **The Inaugural Mass for the year was held on 12th August 2016**, presided over by His Grace Anil J.T Couto, Archbishop of Delhi. AICUF's 1st talk was organized on 17th August, 2016. The guest speaker for the day was **Fr. Prasad George** who engaged with **the battle between Choices and Temptation** in his lecture. On 7th September 2016, Dr. Anuvinda Varkey, a leading lawyer, addressed AICUFers about 'Demystifying Laws for Women'. Another talk was organized on 21st September 2016, where Advocate Tehmina Arora spoke to the students about 'Female Foeticide'.

This year, JMC was privileged to have **Reverend Sister Mother General of the Jesus and Mary Congregation, Sr. Monica and her colleague Sr. Irene Rodriguez** visit us. They were welcomed on behalf of the student body and this was led by AICUFers and other student leaders. On this happy occasion, Mother General spoke to the students about how important it is to grow in God's love, experience His calling and find a purpose in life through His guidance. AICUF's initiative towards fund-building was worked out through newspaper collection drives which were organized four times this year. **Various outreach programs were conducted, such as the 'Winter Clothes Collection Drive' in January to share the spirit of Christmas with the needy and the 'Toiletries Collection' drive to provide the needy with necessities for personal hygiene. These items were given to Nirmal Jyoti Charitable Society, Vasant Kunj and the last collection drive was aimed to provide basic food items to the families of construction workers living on College premises.** AICUF day was organized on 1st February 2017. **The successful Gospel Singing Competition** held on this day was judged by our former principal, Sr. Marina, along with Sr. Jovita and Sr. Renu. This was followed by the **first ever performance of the AICUF band.**

**To celebrate the success of AICUF day, cakes were distributed amongst students, staff and the families of construction workers in college.** The AICUF band also got the opportunity to perform in the Inaugural Ceremony of the College Fest, MONTAGE'17 as well as on the second day of the cultural fest as a participating band.

The AICUF farewell for the 3rd year core team members was held on 5th April, 2017, and was attended by all the AICUF teachers and core team members. Certificates and mementoes were given to appreciate the efforts put in by the team throughout the academic year.

**This year has been a great success for AICUF as it was not only able to grow as a society but also prove its capacity to provide opportunities to many Christian students to come up and showcase their talents.** This would not have been possible without the constant support our Principal, Sr. (Dr.) Rosily and our staff advisors. We hope that AICUF continues to grow and prosper in the years to come.

As has been our annual practice, AICUF on 12<sup>th</sup> October 2018, organized a musical afternoon by the Praise and Worship band "ARTH" which enthralled and captivated the audience with their soulful songs and upbeat music. We had a wonderful audience for the afternoon.

Focusing on the various importance of salt in our life like that of a preservative, a disinfectant, a ceremonial offering etc. and its implication on our daily life AICUF organized a talk on the topic "Be the Salt" on 24<sup>th</sup> October 2018 delivered by Dr. Joan Antony, Associate Professor, Jesus and Mary College. The talk made us to think that we should be the salt in this world where we should help the world walk in righteousness and find the true flavor.

On 31<sup>st</sup> October 2018 AICUF organized an interactive session with the children who've experienced living on the streets of Delhi on the topic "Being Street Smart" by Don Bosco Ashalayam. This event helped bring out to light the various issues faced by the street children and the students also engaged in a very lively discussion. The session also made each student understand how precious our lives are and how we should learn to value the treasures of our life.

This year AICUF started with a series of alumni interactions which helped introduce many members of our alumni community who shared their stories of perseverance, faith and courage in the hope to be inspired by their experiences and follow their footsteps in the near future. Our first speaker in the series of alumni interaction was Ms. Maria Sitara from the Psychology Department who delivered a talk on the topic "How to find Elegance in Chaos" on 23<sup>rd</sup> January 2019. She dedicated two years after college teaching the underprivileged children in the slums of Pune. She told us that when in JMC she never thought to become a teacher and what were the challenges she had to face when she took this decision and how she found her peace amidst all the chaos. Her words inspired us to become selfless and find happiness by making someone else's life better.

Our next interactive session was by women climbing uphill titled "The Road Less Travelled" on 06<sup>th</sup> February 2019. This was conducted by women living in remote villages of Haryana, who told the students about the various challenges especially societal pressure they had to face while taking important decisions in life. These women are the students of our alumni Ms. Jasmine Jose, coordinator, skill development center who works in many remote areas in Haryana. This session was motivational to students as they came to know more about social work and also to think how they could help the underprivileged women. AICUF organized another interactive session titled "Divinity of the Call: Walking the Narrow Path" which was a sharing by the young sisters of our college on 20<sup>th</sup> February 2019. The sisters told us about what motivated them to choose this path

and how they strike a balance between studies and charity work. This was an opportunity for each student to know their fellow students who were sisters and know all the difficulties they faced but yet they never let their smile fade away from their face.

Keeping in view the myriad of emotional challenges faced by women, AICUF organized a talk on "What's your crowning glory, O Woman?" on 13<sup>th</sup> March 2019 delivered by Dr. Joan Antony 2019, Associate Professor, Jesus and Mary College. Through this talk the students realized how many opportunities we get in life and how should we utilize it to the fullest.

Through the course of the academic year, AICUF gave each of its students an opportunity to work and develop their personalities under the meticulous guidance of the team of teachers. 2018-19 being the closing year of the Golden Jubilee, AICUF provided a healthy platform for the students to showcase their talents, skills, and abilities and helped in fulfilling their social responsibilities to their utmost potential.

All India Catholic University Federation stands for the service and liberation of all people, irrespective of caste, gender, language, region and belief. The AICUF affirms solidarity with all those engaged in the struggle for peace, human and democratic rights for a world marked by growing economic inequality. Over the years, the AICUF has aimed at increasing personality development of students and in creating awareness on a range of social issues. It has tried to achieve this goal by organising talks, interactive sessions, outreach programs and various other activities. The academic year was flagged off with the Society Fair on 7 August 2019, with a large number of students registering themselves. The society fair was followed by selecting of the office bearers and the interview of the core committee members. The core committee was formed with the objective of obtaining maximum representation from all departments in the college.

The newly inducted members were introduced into AICUF during the course of the orientation program which was held on 9 August 2019. As part of the orientation programme there was a talk on "Who is a Genius," by Dr. M. Christhu Doss, Assistant Professor, Jesus and Mary

College. The AICUF's motto: "We are born in a unjust society, we are not determined to leave it as we found it," was emphasised. Subsequently, all AICUF members were introduced to the hour completion process. Each member was asked to engage in voluntary work with an NGO with the underprivileged in orphanages, old age homes and slum areas, in addition to in-house activities. In addition to this, a talk was organised on 11 September 2019 on: "*Transformative Education Leadership and Nation Building: Basis of Research Methodology*" by the society advisors. This event helped the students understand the issues and challenges in research methodologies.

In order to encourage and impart public speaking skills, a Debate competition was organised on 16 October 2019 on the theme: "*This House believes that education is closely linked with the question of modernity.*" The competition was bilingual, i.e. the speakers were allowed to speak either in Hindi or English. There were six participants. Among them, two participants were in favour of the motion and four were against the motion.

To inculcate the values of liberty, equality and fraternity among the students, the AICUF screened a documentary movie "*Nero's Guests: The Age of Inequality*" on 23 October 2019. The film brought to light the odd predicament faced by our nation even today, i.e., farmer suicides. It is an issue that has often been side lined for a long time. The film in itself was highly thought provoking and helped students understand the various challenges faced by the marginals in our country. Meanwhile, a group discussion was organised on 6 November 2019 on: "*Creative Ideas for Resounding Success.*" The main objective of the event was to mentor and guide the students for the upcoming university and competitive exams for all streams and help them take wise decisions about their future. In order make the society events more interactive and interesting for the students, the whole society was divided into 6 small groups. Each group was headed by a society advisor. And sessions were conducted with the central theme: "Leadership in 21<sup>st</sup> Century." Each group had interesting discussions and interactions. The students participated

Pensant à la vie avec toi

### L'amour au delà des Mots

Je t'aime mais tu le sais déjà,  
Plus rien ne va, sans toi  
Depuis que tu es loin de moi.

Les plus grandes victoires  
auront un goût amer,  
mais si tu seras à mes côtés  
les victoires seraient encore plus belles.

Si tu avais appris mes sentiments pour toi,  
nous aurions passé une vie ensemble.  
Pour toi, les autres sont plus importants que moi,  
Cependant mon amour va rester le même.  
L'amour au delà des mots pour toi  
Que les mots sauront jamais à exprimer...

Akansha Isaac

### L'homme Avec Le Journal

Il était 5 h du soir. Un homme s'essayait sur le banc  
avec un journal dans ses mains. Il tenait le journal  
dans une manière qui ne nous permettait pas de voir  
son visage. Mais on peut dire qu'il était vieux à cause  
de sa tête chauve et il nous semblait qu'il portait des  
lunettes aussi.

Il n'y avait pas de bruit. Tout était silencieux au  
Jardin de Lodhi. En 15-20 minutes, des personnes  
vont commencer à y arriver... Quelque fois, il y a des  
familles complètes avec un petit ballon pour jouer, ou les  
joggeurs qui courent sur la piste entourant le jardin.  
Il y avait des gens qui venaient seuls aussi pour profiter  
de la nature. Mais personne n'est jamais assis à  
côté de cet homme. On l'appellait << Le fou avec le  
journal >>.

Personne ne connaissait pas son nom et ils ne voulaient  
pas le savoir. Les mères s'empêchaient leurs enfants

d'aller près de lui. << C'est un homme dangereux >>  
elles leurs informaient toujours.

Il y avait une fille qui n'avait pas écouté sa mère.  
Elle ne croyait pas que cet homme soit dangereux ou  
fou. Elle voulait lui parler et apprendre tout de sa vie-  
son nom, sa famille, travail et l'histoire derrière le  
journal. Alors un jour cette fille de 6 ans qui s'appelait  
Marie, elle a couru et elle s'est assise à côté de cet  
homme.

Une minute se passe. Personne ne dit rien. Pour  
un instant elle a pensé qu'elle se ferait engueulée par  
l'homme. Mais rien. Il ne même la regarde pas. Cet  
homme a l'air triste, la fille s'est dit. En plus il serait  
beau s'il avait plus de cheveux sur la tête.

Puisque elle a décidé de lui parler, donc elle  
commençait.

<< Bonjour monsieur >>

L'homme était décontenancé à écouter le voix de la  
fille. Quelle mignonne, il s'est dit. Pour ce moment il a  
oublié ses soucis à cause duquel il venait tous les jours  
au parc.

<< Bonjour >> il l'a répondu en souriant.

<< Pourquoi vous êtes si triste? Est-ce que vous êtes  
dangereux? >>

Triste. Tout revient dans sa tête. Le moment où il  
a découvert qu'il subit du cancer. 4ème étage,  
incurable. Il pensait à sa jolie femme et sa fille de 2  
ans -sa petite famille. Qu'est-ce qu'il fera?

<< Ben moi, pas du tout. Je ne suis ni triste ni dangereux.

Dites moi, vous vous appelez comment? >>

<< Je m'appelle Marie et j'ai 6 ans. Et vous? >>

<< Jack >>

<< Pourquoi vous lisez un journal tous les jours? Vous  
aimez lire? >>

Page 10, la rubrique à la droite. Comment s débrouiller  
quand vous subissez d'une grande maladie.

<< Oui, j'aime lire. Comme ça vous apprenez tout ce  
qui se passe autour de vous. >>

<< Enchantée de vous connaître, j'y vais! Ma ma man

m'appelle. Au revoir! >>

<< Au revoir! >>

<< Vous seriez ici demain aussi? >>

C'était une question qu'il s'est demandé tous les jours.

Il venait ici pour trouver du courage pour informer sa  
femme. En parlant avec cette petite fille, il s'est rendu  
compte qu'il perd son temps. Il espère une bonne  
avenir pour sa fille. Alors une décision a été prise. Il  
dira tout à sa femme le lendemain. Peut-être qu'ils  
trouveront une solution ensemble. Il voudrait juste  
profiter tous les moments et du temps qu'il reste et les  
passer avec sa petite famille.

<< Je ne pense que >>

### Non À La Morte Programmée

Aujourd'hui, le terrorisme existe dans le plupart du  
monde. C'est toujours montré en faisant des attentats  
aux lieux différents. Les attentats sont terribles,  
dangereux et mauvais pour tout le monde. Ça ne rend  
personne heureux. D'un côté il y a le décès de personnes  
innocentes. Il les laisse avec une famille incomplète ou  
même sans famille. À l'autre côté, ils ne sont pas faciles  
même pour les attentants. Ils auront toujours peur de  
lui.

Les terroristes programme souvent l'attentat à un  
endroit surpeuplé. Tous ceux qui sont présents à ce  
moment là où qui sont à côté sont effectués.

Les citoyens ne comprennent jamais la raison derrière  
les attentats. Pourquoi ils le font? Qu'est-ce qu'il gagne?

Il faut que les terroristes comprennent que ce n'est pas  
le fait de citoyens. Ils n'ont rien à faire avec ça. En  
plus, le gouvernement doit prendre quelques mesures  
pour protéger ses citoyens.

### Pour Une Meilleure Vie

Cette vie est difficile,

Dans nos rêves c'est facile.

Mais la réalité n'a rien à voir avec les rêves,  
pour réussir, trop tôt on se lève.

Il y a tant de choses qui nous séduisent,  
ceux qui prennent une décision forte, ils réussissent.

Le diable vous attire,

vers l'enfer il vous tire

Priez au dieu

ça vous aidez à vivre mieux.

J'ai expérimenté beaucoup de jours

Ceux qui ne prient pas sont complètement fous.

Pas au passé, pas à l'avenir,  
la vie est en présent, il faut le sentir.

Si vous ne gaspillez que votre temps,  
Attention! car je ne vous mens!

Pour une meilleure vie,

Faites des changements aujourd'hui.

Prier, respecter et aimer votre vie  
prenez au sérieux ce que je vous dis.

#### 22. REMEDIAL COURSES

This programme, sponsored by UGC for the minority, SC/ST/OBC and other students who need additional help. It was introduced in Jesus and Mary College in the year 2005.

Classes are conducted for various subjects like English, Science, Hindi, Mathematics and Computers.

Students can avail of the text books needed for these classes.

The extra classes are conducted regularly by the teachers of the concerned Departments.

All those who scored less than 65% in class XII in English, Mathematics and Science must attend these classes from 1st August every year.

Needy students, especially minority, SC/ST are also taught Computer Skills.

We have been successful in helping the students to cope with the subject find difficult. These subjects are essential in today's globalized world, and competence in these subjects gives students an added advantage.

### Remedial Classes Report

Remedial coaching is organized at the undergraduate level with a view to improve academic and linguistic proficiency of the students in various subjects. To reduce the failure and/or drop-out rate of students belonging to SC, ST, OBC and Minority communities pursuing higher education, UGC had started providing financial assistance for conducting special classes outside the regular time table during the 11<sup>th</sup> Plan.

The ultimate goal of this program is the mainstreaming of the students from economically and socially weaker backgrounds. It raises their level of comprehension in the basic subjects to provide a stronger foundation for further academic work.

JMC started Remedial Coaching classes in August 2005. Sr Jovita rjm was the first coordinator for this program. Since the year 2009, this program is being coordinated by Ms Lissy Jose. The coaching is given in subjects like English, Computer Science & Mathematics.
